

THE SIGNAL DEPARTMENT

at the National University of Public Service,
Faculty of Military Sciences and Officers Training,
Budapest, Hungary

in cooperation with the
Communications, Information Systems and Information Security Directory
of the Hungarian Defence Forces General Staff

and with the Scientific Association for Infocommunications

has got the honor to invite You to participate on the

INTERNATIONAL SCIENTIFIC CONFERENCE

"COMMUNICATION 2015"

which will be held on

11th NOVEMBER 2015

at the

STEFANIA PALACE

(Budapest, Hungary, ZichyGéza utca 3.).

APPLICATION DEADLINE: 15 SEPTEMBER 2015!

The aim of this conference, which was organized by first time in 2000, is to provide scientific and professional forum for civilian and military communication/signals experts in order to share their knowledge and to build networks.

The organizers are offering the following subjects as possible conference topics:

1. Ongoing technical and/or organizational aspects of battlefield/theatre/CRO info-communication activities;
2. New trends in critical communication infrastructures;
3. Current issues of public communication infrastructures.

Languages of the conference are primary English and secondary Hungarian.

There is a possibility to publish articles in printed and/or electronic conference publication. Format requirements can be downloaded from below or please contact the organizers to get it!

ARTICLE DEADLINE OF SUBMISSION: 16 OCTOBER 2015!

The organizers have the right to deny publishing those articles, which are not fulfilling the thematic or format requirements!

Who should apply as speaker/presenter?

Based on the characteristics of the conference we are waiting for speakers/presenters from all around the world, who are

- working as civilian or military professionals, researchers, professors on the fields of communication/signaling;
- post-doctors, MSc and/or PhD level students with related interests and studies;
- potential sponsors, donors, who would like to share and/or show their latest products or developments via presentations and/or exhibition.

Who should apply as participant?

Everyone is welcome as participant on the event, who are interested in the conference topics and ready to cover his/her travel costs.

Participation fees

Forms of participation:	Cost:
presentation+article to publish	free
article to publish	free
participation without presentation and without article to publish	free

Travel and other costs

Travel and other costs (local transportation, visa, etc.) have to be paid by the participants.

Accommodation

Accommodation can be provided:

1. in dormitory on the university campus, for free of charge (low comfort), in limited number and in order of applications;
